

Priority Explanation

The Standards Committee at their April 24, 2003 meeting implemented a new priority system. These priorities apply for all Standard Specification and Standard Drawing changes effective with Standard Specification Change 4 and Standard Drawing Change 3 published on June 3, 2003.

- | | |
|------------|---|
| Priority 1 | Upon posting, this impacts all projects in construction and design with a Change Order, Addenda, and immediate change to projects being advertised. |
| Priority 2 | Upon posting, this impacts projects being advertised. |
| Priority 3 | Upon posting, the approved standard takes effect two weeks later for projects being advertised. |
